

Safe-Guard

A Belplas Company

INDUSTRIAL SAFETY GUARDING SYSTEMS

Safe-Guard Industrial Safety Guarding Systems provide creative, cost-effective options for industrial automation safety. Our engineering background and knowledge of Health & Safety Regulations make us the logical choice for companies requiring reliable solutions.

THINK SAFE - BE SAFE

Belplas' Safe-Guard is the ideal choice for creating safe working environments. Designed and manufactured in Canada to meet each customer's specific requirements. And our welded steel construction is completely modular providing unparalleled safety options with maintenance free performance.
